

QUICK START GUIDE

for the
LiftMaster Internet Gateway

Before Starting

Before starting
you **MUST** have:

- a router
- active internet connection
- internet gateway serial number

Look at the label on the bottom of the internet gateway and record the serial number below.

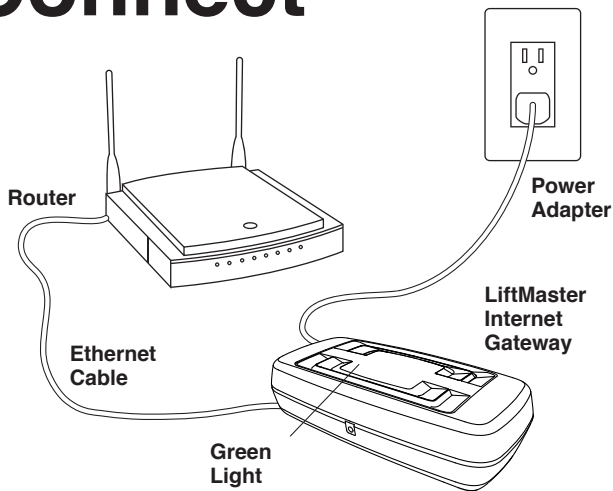

WARNING

To prevent possible **SERIOUS INJURY** or **DEATH**:

- When the LiftMaster Internet Gateway is used with a garage door opener, the opener **MUST ONLY** be installed with sectional doors.

Connect

1. Connect power and router

Connect ethernet cable to router and the internet gateway. Connect power to the internet gateway. When the internet gateway connects to the internet, the green light will stop blinking and will light solid. If the green light does not light solid, check the power, router, and internet connections to the internet gateway.

Create

The screenshot shows the LiftMaster myQ account creation interface. At the top, the 'LiftMaster' logo is on the left and the 'myQ' logo is on the right. Below the logo, a progress bar indicates five steps: 1. myQ, 2. CREATE an Account, 3. REGISTER, 4. ADD, and 5. TEST. The 'CREATE an Account' step is currently active and highlighted. The main content area features a large, faint number '2' in the background. Overlaid on this is a registration form. The form includes a 'Title' dropdown menu with 'New LiftMaster user' selected, a text input field for 'Please enter your email address for email account verification', and several text input fields for 'Name', 'Street', 'City', 'State' (with a dropdown menu showing 'Illinois'), and 'Phone'. At the bottom of the form is a checkbox labeled 'I agree to the terms and conditions'. Below the checkbox are two buttons: 'Cancel' and 'Next'.

GUIDE DE DÉMARRAGE RAPIDE

de la passerelle
Internet de LiftMaster

Avant de commencer

Avant de commencer,
vous DEVEZ avoir :

- Un routeur internet
- Une connexion internet active
- Le numéro de série du passerelle internet

Regarder l'étiquette située au bas de la passerelle Internet et enregistrer le numéro de série qui y figure.

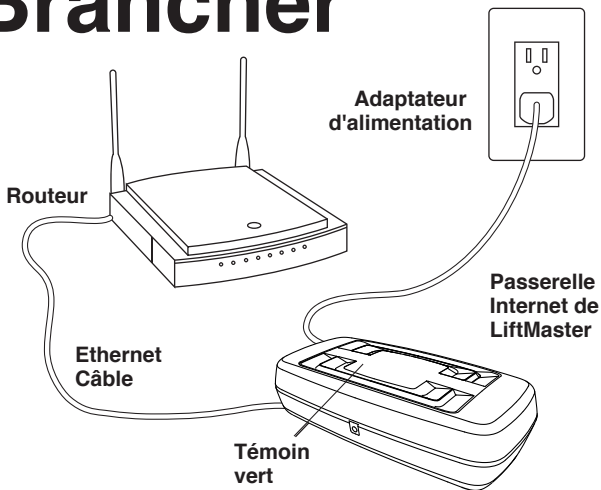

AVERTISSEMENT

Pour éviter des BLESSURES GRAVES,
voire MORTELLES :

- Lorsque la passerelle Internet de LiftMaster est utilisée avec un ouvre-porte de garage, ce dernier DOIT être installé UNIQUEMENT avec des portes articulées.

Brancher

1. Brancher l'alimentation et le routeur

Brancher un câble Ethernet au routeur et à la passerelle Internet. Brancher l'alimentation à la passerelle Internet. Quand la passerelle internet se connecte à l'internet, le voyant lumineux vert s'arrêtera de clignoter et deviendra ininterrompu. Si le voyant lumineux vert ne devient pas ininterrompu, vérifiez l'alimentation en courant, le routeur internet et les connexions internet au passerelle internet.

Créer

The screenshot shows the LiftMaster website's account creation interface. At the top, the 'LiftMaster' logo is on the left and the 'myQ' logo is on the right. Below the logo, a horizontal navigation bar contains five steps: '2 CREATE an Account', '3 REGISTER', '4 ADD', and '5 TEST'. The '2 CREATE' step is highlighted. The main content area features a large, faint number '2' in the background. On the right side of this area is a registration form. The form starts with a 'You' header and a placeholder for a profile picture. Below this is a text box for the email address, followed by fields for 'First', 'Last', 'City', 'State', and 'Zip Code'. There is a checkbox for 'I agree to the terms and conditions'. At the bottom of the form are 'Cancel' and 'Next' buttons. In the bottom right corner of the page, there is a small icon and the text 'We'll never share your contact info. Contact Us Privacy Policy'.

2. Créer un compte
